

The Sheep Show

A live stage show presented in humorous kiwi style, the show will introduce you to 9 different breeds of sheep, each with a story to tell and even their own theme tune! 'Lenny the Lincoln Long Wool' arrives to a great Bob Marley tune (very apt for a sheep that has natural dreadlocks).

What follows is a very informative shearing display where you will learn much more about sheep and wool. To add to this already humorous and educational show, the sheep team then do "The Sheep Show Shuffle" ... so you may just witness dancing sheep!

They like audience participation too, so you'll have a great time!
